

Let Us Magnify

Have you seen my love? She smiles like a
Serpentine. Yes, you know that one
She's an heir to your higher kind
In Queen's Park, We all thought
As one We see those two words
In the sky, As the sun,
it's going down

In your deep blue eyes, I steal away
I see those thoughts in your mind
And know I just wanna see another day

Let us magnify
Right here
Let us magnify
Just to make it real
Cause I've seen the end
And sure it's coming soon
And I taste that salt on your skin
And now I know this evening's through

Beggar Boy

What you got in your hand you sweet young thing
Give me one or maybe two
I'm seeing her while I'm kissing you
I'm seeing what I'm seeing
I'm so high, don't know
what I'll do,
And I'm thinking I'm thinking

And I'm thinking now from the inside out
Well, tonite, well, tonite

I can barely stand on my feet, That I must confess
that I'm a beggar boy from Bucharest,
And I'm taking and I'm taking,
And I'm taking more and feeling less
I thinking you know I'm thinking
I must be thinking too much

Tenement Grove

She said "Boy you can move right behind that tenement grove"
She said "Boy you can't move, because you flicker like a
flame

Oh, your heart's so true.
Yes, your heart's so true

You're walking golden dawn down, down that concrete.
You smell like a rose, it keeps you spinning, like a spoke
Oh, your heart's so true. Yes, your heart's so true

Now, now you're gone
Two knees right to the East
I said now you're gone
And like a blue cloud...
Oh, your heart's so true
Yes, your heart's so true,
But baby, well, mine is too
